- 31-32 Step right back, recover on left

***Jazz Box option**

***29-30 Step right cross over left, recover on left**

***31-32 Turn ¼ right on right, recover on left**

REPEAT

*** To make this a 4-wall dance, have the last figure (29-32) be a jazz box $\frac{1}{4}$ turn right. Rock right across left, recover on left, turn $\frac{1}{4}$ right on right, step left next to right.**

****To make the dance fit the music you might want to put in 4 count TAGS (step touch, step, touch) after the second wall and after the seventh wall and a RESTART after 16 counts of wall 4. It is actually a sped up 4 count Tag.**
